List any other medical conditions

Mystic-Myoki massage is intended to integrate the mind and body. The massage is relaxation-focused and intuition-based.

Clients will be draped—no massage of breasts or genitalia. If you misbehave, the service will be terminated, and full payment is still required.

By signing below, I release OxyZena and Dandelion House LLC and all those connected with those companies from any claims, liability, or property loss or damage. I understand that any information given above will remain confidential.
